Your Teacher: **Sarah Outlaw, MH, MSACN**

Sarah Outlaw, MH, MSACN began studying Dr. Ulan's Nutrition Response Testing® in 2014 because of her own personal health success with Nutrition Response Testing®, and her desire to help others in the same way. In just a few years she built up a booming practice and now sees close to 250 nutrition patients per week between her Cherry Hill, NJ and Des Moines, IA practices. The practices are both referral-based, all cash practices and continue to grow through the utilization of the clinical and management skills she learned through Ulan Nutritional Systems. Sarah teaches the Basic Nutrition Response Testing seminars to fellow practitioners, traveling across the country to further her mission; helping other practitioners achieve the same clinical and financial success that she now enjoys. Her passion is to help people achieve optimum health without the use of drugs or surgery so that they can be free to become the best versions of themselves

Here's what doctors are saying about this course!

"Nutrition Response Testing® helped me launch a nutrition practice eight years ago and continues to be a mainstay of my practice. I enthusiastically recommend this seminar to anyone who is interested in starting a nutrition practice."

-Robert Baritz, DC, Brockton, MA

"Implementing Nutrition Response Testing® into my practice has increased my abilities as a healer dramatically! Learning this technique has been the best decision I have made for my practice and my patients."

-David DeRosa, DC, Wallingford, CT

"I feel that I don't chase symptoms, I ask the body what it needs and it tells me. Don't guess—I know!"

-Margie Sears, DC, Calverton, Long Island
